

# Injectable Nutrients Training for Doctors

The team at AIMN is pleased to announce that registrations are now open for its inaugural workshops in June, 2018.

These workshops are presented by prominent internationally recognised experts in nutritional medicine; offering powerful and practical tools to equip you and your practice. Our training syllabus offers two main components that run over 5 days:

## Nutrition Assessment Workshop

2 DAYS :: 7-8 JUNE 2018 – MELBOURNE

This is an intensive hands on practical workshop that is designed to enhance health professionals' appreciation of nutrition's role in health maintenance, in disease-prevention and in supporting the body's metabolism to fight disease.

Course Code: NASS-001

## Primary Injectable Nutrient Workshop

3 DAYS :: 9-11 JUNE 2018 – MELBOURNE

A hands on workshop designed for doctors and nurses on the application of injectable nutrients to treat a range of medical conditions. Practitioners completing this workshop will have a practical understanding of IV nutrient therapy with a firm focus on safety and efficacy.

Course Code: PRI-001

## Why Should I Attend?

- 🎓 Continuing education points available on application
- 🎓 Network with your colleagues and leading experts from the field of Integrative Medicine
- 🎓 Incorporate safe powerful therapeutic tools into your practice
- 🎓 Learn from the latest cutting-edge research, peer case studies, presentations and real life experiences.
